What browsers are suitable with the new Online Banking?

The following browsers have been tested and determined to provide a reliable user experience. Some of these browsers may show minor behavioral or cosmetic differences, but generally support the use of the Online Banking application and functionality. It is always recommended to use the latest browser version available from the provider.

Microsoft Operating Systems

Internet Explorer 7.x, 8.x, 9.x
http://www.microsoft.com/windows/ie/default.mspx
