REGULAR SHARE ACCOUNT

Rate Information:

The dividend rate and annual percentage yield may change every dividend period. We may change the dividend rate for your account as determined by the credit union board of directors.

Compounding and crediting - Dividends will be compounded every quarter. Dividends will be credited to your account every quarter.

Dividend period - For this account type, the dividend period is quarterly, for example, the beginning date of the first dividend period of the calendar year is January 1, and the ending date of such dividend period is March 31. All other dividend periods follow this same pattern of dates. The dividend declaration date is the last day of the dividend period, and for the example above is March 31.

If you close your account before dividends are paid, you will not receive the accrued dividends.

Minimum balance requirements:

The minimum required to open this account is the purchase of a share in the credit union. Please see the bylaw requirements in the Common Features section for additional information.

Daily balance computation method - Dividends are calculated by the daily balance method which applies a daily periodic rate to the balance in the account each day.

Accrual of dividends on noncash deposits - Dividends will begin to accrue on the business day you place noncash items (for example, checks) to your account.

Transaction limitations:

During any month, you may make unlimited withdrawals or transfers to another credit union account of yours or to a third party by means of a preauthorized or automatic transfer, computer transfer, or telephonic order or instruction, or similar order to a third party. The minimum amount for automatic overdraft transfers from your regular share account to your checking account will be made in \$100.00 increments.

We reserve the right to at any time require no less than 30 days notice in writing before each withdrawal.

Par value of a share:

The par value of a share in this account is \$5.00.
