

Egg Carton Seed Starters!

WHAT YOU'LL NEED:

- | | |
|----------------------|------------------------|
| Cardboard Egg Carton | Spray Bottle |
| Potting Soil | Scissors |
| Seeds | Garden Trowel (Shovel) |

HOW TO MAKE THEM:

1. Cut egg carton in half.
2. Add potting soil to individual egg cups in carton.
3. Poke a hole in the center of each cup. Place one seed in each hole. Cover with soil.
4. Spray soil with water.
5. Place on tray and take indoors. Keep them in a warm, light filled, location until they begin to sprout.
6. Make sure to water seeds everyday. The soil should stay very moist.
7. Once the seeds have sprouted into small seedlings, you can transfer them to a permanent location.
8. Make sure the egg carton is very wet and saturated before moving the seedling outdoors. Tear off one of the egg carton cups.
9. Dig a hole in the container or ground you are transferring to using your trowel.
10. Place the egg carton cup directly in the soil. It will decompose.
11. Water your seedlings every day to help them grow!

Fast \$\$\$ Facts

Cash is not actually made of paper, but cotton and fiber. Original bills from Ben Franklin's time had to be repaired with a needle and thread.

Money is made in factories called mints.

The first paper money was made in China 1,200 years ago.

When you visit another country, you must use the currency used in that country.

Some countries share a currency. For example, many countries in Europe all use the Euro. This makes buying and selling between countries less complicated.

The U.S. dollar is the most commonly used currency in the world.
