Choosing a Career Can Be Stressful...

Choosing a career and what you would like to do in life can be very time consuming and complicated. Often, you are forced to make a decision before you fully think it through, and that is why many college students end up changing their major during their schooling. Here are some things to take into consideration that maybe you normally wouldn't think about...

Look up the average salary for your career of choice - is it enough for you?

Does the amount of vacation time and schedule flexibility matter to you?

Do you want to work inside or outside? Both?

Do you mind working nights, weekends, and/or holidays?

Did you know we have Youth Loans?!

Our Youth Loan can help your financial situation while building good financial habits!

Available to Student Club members ages 13-17

What do I need to get a Youth Loan?
