

Celebrating
90 years
with
\$900 off
closing
costs!*

Less to close. More confidence to buy.

We get it—buying a home is a big milestone.
And milestones are kind of our thing.

For 90 years, we've been helping Michigan members feel right at home by making the path to homeownership feel more welcoming, personal, and within reach.

Already own your home?

Refinancing could help lower your payment or free up funds for what comes next.

Put the **extra \$900* toward** moving day, new furniture, those first few touches that turns the house into your home or anything that brings you joy.
